

Automotive Trim

...TIGER powder coatings have it all!

TRIM LINE

We designed our TIGER Drylac® Trim Line to satisfy the demanding color and gloss requirements of the automotive industry. TIGER delivered a brilliant surface finish that hits the target for gloss, texture and special effects.

These premium powder coatings are the ideal solution for cargo shades, cassette covers and luggage compartments. Our automotive team builds custom solutions for your specification and OEM requirements.

We engineered premium powder coating solutions for external and internal vehicle components. Boosting both form and function, our finishes can be painted on wing mirrors, roof racks, running boards, spoilers, tow hooks and B pillars. Our team can formulate in various chemical series. We look forward to talking to you about your automotive trim projects.

A BETTER FINISH. A BETTER PRINT. FOR A BETTER WORLD
